

ENVIRONMENTAL POLICY

Euroforest Ltd is committed to maximising economic returns with minimum impact on the environment. This will be achieved by conducting its business activities to comply with all applicable regulatory requirements, appropriate codes of practice and Forest Industry guidelines, or controlled methods with the overall objective of the prevention of negative environmental aspects.

The company is committed to maintaining registration to ISO 14001-2004 Environmental Management Systems and has established procedures for identifying environmental aspects generated by the company's activities, products and services. Those aspects identified as significant have been assigned objectives, targets and programs, which are reviewed on a regular basis as part of the company's commitment to continual environmental improvement.
